

# LEGO ROBOTICS DAY CAMP

## Brainstorming Rules

- Somebody may need to take notes, or everybody can write down each of their ideas as they go, on index cards which can then be reviewed together
- Everybody gets a turn, even if they pass
- **EVERY IDEA AND SUGGESTION IS GOOD!**
- Crazy is good – we’re trying to create something new and different – “think outside the box”
- No dissing, put-downs or nasty faces!
- Everybody contributes at least one idea
- When a teammate is talking, listen to what they are saying. Do not think be thinking about what you want to say next. Listen carefully. Speak respectfully.
